

You're invited to "Ask our Experts"

Do you have questions about how to prevent or control infections such as COVID-19? Wondering how to implement some of the practices discussed during educational sessions? Seeking opportunities to troubleshoot problems or share ideas with peers? Please join Comagine Health Infection Prevention (IP) Advisors for our "Ask our Experts" series during which your infection prevention and control questions are answered by our Infection Prevention Advisors (APRN/RNs).

Dates: Our FREE Infection Prevention "Ask our Experts" sessions take place on Thursdays afternoons between 12:30 p.m. and 2:30 p.m. beginning February 4 through June 24. See full schedule below.

Questions? Email us at infectionpreventionadvisor@comagine.org

"Ask our Experts" schedule: Click on links to register
